## *MEMINI 1991*

*VOLUME XXVIII*

*Chicopee Comprehensive High School*

*Rolf Avenue Chicopee, MA. 01020*

In our four years at Chicopee Comp, each of us has had a teacher who has made a lasting impression on our lives. This teacher may have been the one who urged us on when we were about to give up. Maybe he was the person who made us feel like we belonged when we felt a little out of place. Perhaps this teacher was just willing to listen when it seemed as if no one else would.

One teacher in particular has affected our class. With her, we have traveled to Victorian England, fair Verona, and ancient Rome. She has not only taught us about great works of literature, but she has taught us about life. Her ability to treat us like individuals was always comforting. Her presence at sporting events showed her pride and support for us. Her participation in student activities demonstrated the care and patience she had for us.

*Memini 1991* is proudly dedicated to Mrs. Cecelia Costello for her never-ending support and encouragement.

# *In Memory Of Ann C. Blodgett*

"As a teacher, Frau Blodgett possessed all of the characteristics every student desires ... She was always available for extra help, and she gave personal attention to any student who needed it.

"Frau initiated a greater interest in the language and culture through her creative teaching techniques. By having students research German traditions and holidays, Frau was able to incorporate learning with fun. She seemed to have never-ending patience for our questions and problems ...

"I feel fortunate to have had Ann Blodgett as a teacher for two years. Her dedication to our education has helped us learn about, understand, and appreciate a different language and culture."

-Dave Blood

"Ann Blodgett was a vivacious, conscientious, fun-loving person. She was genuinely interested in people. She had a keen insight into people, and through this perception she was able to make others feel good about themselves. Her concern for others and her sensitivity were qualities realized and appreciated by her students and peers.

"Ann's enthusiasm for life was obvious in her approach to her professional as well as her personal life. She carried this enthusiasm into the classroom. She exuded a positive outlook in every endeavor which she undertook. Her optimism was contagious and the impetus behind her many successes."

-Mrs. Boratis

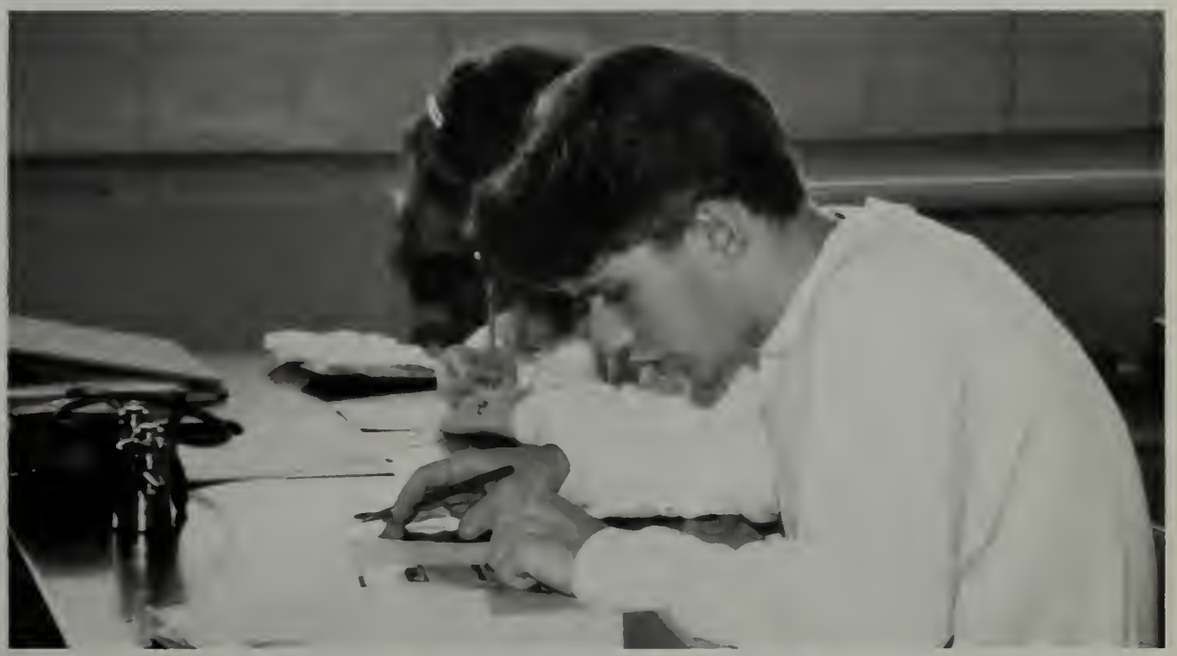
## *1951 - 1990*

During the summer of 1990, both the student body and faculty of Chicopee Comprehensive High School suffered a great loss with the passing of Mrs. Ann Blodgett. Mrs. Blodgett, or Frau as she was often called, was a German teacher at Comp. Her loyalty and her dedication to the school did not end there. As her close friend Mrs. Boratis put it, "She was a class advisor and very active in the Modern Foreign Language Club. She was an avid sports fan and was often in attendance at games and other school functions. She supported all school activities and performances."

The Class of 1991 would like to take this time to remember Frau Blodgett through the thoughts of two people who knew her well.

# Top Of The Line

Throughout four years of high school we have matured and grown into adults ready to forge into a world unknown to us. At Comp we have learned some lessons that will help us make it in life. We have learned above all to work hard.



COMP
73

After hard work, who can forget some serious good times? We now know that playing is as important to survival as working.

High School has also given us friendships that will live with us forever. Whether we see our friends again is unforeseen, but it is guaranteed that they will be in our minds as long as we live.

# Junior Year

# SENIOR YEAR

Over the past three years, our class officers have worked closely with our advisers, Mr. Pete and Mr. Lebeau, in order to insure a great Senior Week for the Class of 1991. During that same time, we have come together as a class in many ways and at many times. Both of these factors will provide us with a sense of accomplishment and pride as we leave Chicopee Comp.

## *Class Of 1992*

Tracey Pimpare, April Ferierra, Tara Boryzka, Tracy Brogle

As our Junior year comes to a close, we hold together many great memories. When our class crossed the gym to the other side, we stopped and realized that we are upperclassmen.

In order to help raise money for our class, we had a magazine drive. Then we had a 60's Dance. On October 20, many of us took the PSAT's.

Homecoming Weekend was very exciting for us since we got the chance to participate in Powderpuff Cheerleading and Football.

After many months of preparation the night we had been waiting for had arrived. We had our PROM at the Delaney House on May 10. We're all looking forward to many more times together next year as . . . SUPER SENIORS of the CLASS of '92!

## *Class Of 1993*

Being a Sophomore is a lot better than being a Freshman. We got treated with a lot more respect.

Our major responsibility this year was raising money for our class. We decided to have a dance. We also had a fundraiser to help pay for our Senior dues. It took a lot of work. Sophomore year was great but we are all looking forward to Junior year.

# Freshman

Hard at work.

Well, I must admit that when I first came to Comp, I had mixed emotions; to be quite honest with you, I hated it. I came from being at "the top" of the school at Bellamy to being a "little freshman" here. I also missed all my friends that went to other schools a lot. I guess I just needed to adjust because now I love it here, and everything is going great. I've met a lot of new people, all of whom are very nice, and I got involved in quite a few activities. I'm also glad I can find my way around now because I definitely couldn't before. I'm really glad I decided to stick it out after that first week because I now realize that high school is what you make it, and I intend to make it the best I possibly can. My experiences here at Comp, which are probably similar to those of many freshmen, seem very promising, and I think we can all look forward to three more great years here at Comp.

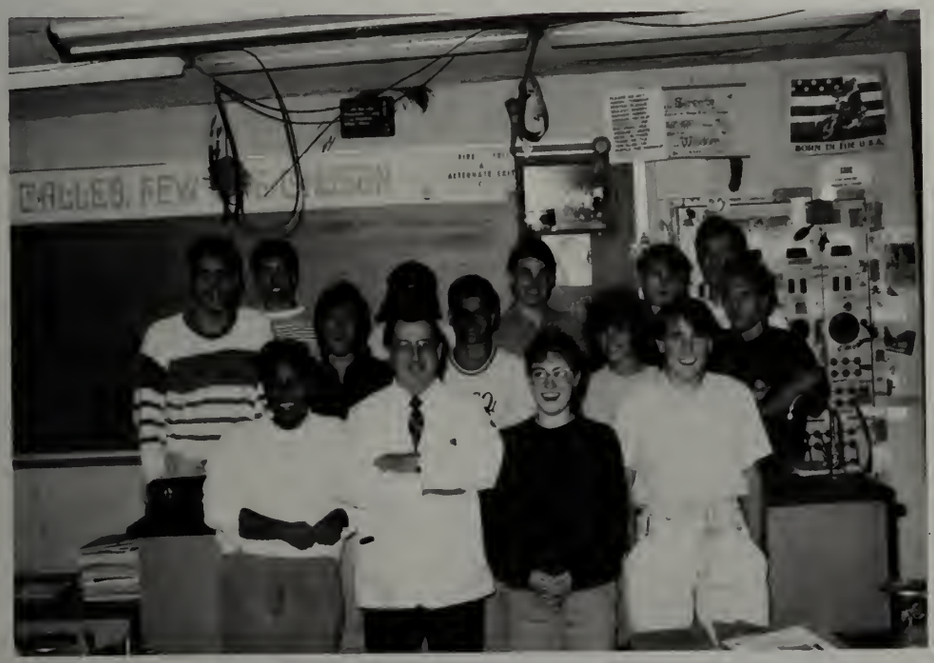
# TOP *this* FACULTY



It is with great pleasure that I extend my congratulations to the members of the Class of 1991.

The completion of your public school education does not signify the end of your education, but simply means the end of one phase of a lifetime of learning.

I am certain that your preparation has provided you with the skills necessary to begin the next phase in your education, whether that be higher education, the work force, the military, or marriage. How you will use this knowledge and when, are questions that you alone can answer and are responsible for.

Please accept my best wishes for a successful, healthy, and happy future.

-Herbert H. Curry

To The Class Of 1991

Congratulations to all of you. You have accomplished a great deal these past four years and are ready to go on to face new and perhaps tougher challenges regardless of what paths you choose to follow. Have faith in yourself and remember that success is seldom achieved without hard work, perseverance, and the ability to overcome disappointments.

Good Luck!

Barbara A. Cove

I wish to add my congratulations to you for completing your high school career in such great style. May you all have a wonderful future, enjoying good health and pursuing rewarding careers. May your many friends and pleasant memories of your years at Chicopee Comprehensive High School sustain you in the years ahead.

-Carolyn T. Fitzgerald

Mitchell S. Kuzdal -Principal

Congratulations to the graduates in the Class of 1991:

Your twelve years of education have prepared you to accept your roles as contributory, concerned citizens, to fulfill the wordly humanitarian goals of tolerance.

The responsibilities associated with the freedoms of our citizenship should not be distant from our lives. They should be closely knitted, united concerns to have a better understanding, humane society. Your involvement in community affairs is vital. You are the strength of your community.

People should not place invincibility as the apex of success. Do not allow yourself to be misguided by guileful people who may threaten your freedom which are ensured by the Constitution. People who develop internal powers through position and propagate these powers by means of materialistic gains should not be in leadership roles.

Your educational plans should be further developed whether it be today or tomorrow.

The knowledge, insights and thinking skills that you developed in school should create a more intense curiosity to search and to attempt to solve the critical issues that will confront all in the decades to come.

The basis of your future leadership roles should be complemented and shared by culturally, diversified decision making teams.

Continue your search for truth, patience, and understanding through more reading, research, participation in community affairs, through job experiences and by furthering your education in post-secondary schools.

The best of life to all of you.

-Mitchell S. Kuzdal

# In Tribute

Ann C. Blodgett
(1951 - 1990)

The Foreign Language Department honors Ann C. Blodgett for her numerous contributions during the years she spent with us. For promoting the study of foreign language, for teaching her beloved German so creatively and enthusiastically, for inspiring countless students on a professional as well as on a personal Level, for involving herself in extracurricular activities as a participant and as a spectator, especially as advisor to the Class of 1985 and the Modern Foreign Language Club, and for caring and sharing equally with students and staff, we say,

# *To Top It Off*

As the 1990-91 school year comes to an end, one can't help thinking of the past and the future all at once. For some of us college lies ahead. Others will establish their careers right after graduation. Some other classmates will enter the military after high school. One thing we can all count on is that, no matter where life takes us, we will hold our high school memories close in our minds. No one will ever forget the fear we felt upon entering Comp for the first time. Likewise, we will always remember the power we felt entering Comp in our senior year. On a more serious note, the universal tension of the Iraqi occupation will linger in our minds forever. Who will forget where they were on January 16, 1991, when the United States invaded Iraq after five months there?

Here at Comp the first exchange rally with Chicopee High since 1987 was held. Senior Spirit Week was extremely successful. This year it included such events as the annual Hat Day, Senior Black and White Day, and Senior Slipper Day.

There are many memories of the past year that I will never forget. When I think of our class, I will think of the unity of our class. I will never forget how the class came together to get the money to produce a great yearbook. I would like to extend a heart-felt thank you to the entire faculty and student body for their understanding and support throughout the year. Without all of you, *Memini 1991* could not have been a success.

# *Thank You*

**Mr. Raymond Boulais** for his support, advice, and ability to make me laugh at just the right moments.
**Mr. Don Lendry** for his help and encouragement throughout the year.
**The Greniers** for capturing all those special moments on film, and often going beyond the necessary and expected to do so.
**Mr. Mitchell Kuzdzal** for his constant ebullience that was always enough to keep me going.
**Mrs. Julie Leonard** for the advice that was always flowing at the right times.
**Mr. Alfred Pinciak** for his more than welcome concern and support.
**Mr. Paul LeBeau and Mr. Ronald Pete**, the Senior Class Advisors, for lending a hand whenever it was most needed, especially in financial matters.
**The Class Officers** for being there whenever their assistance was needed.
**Judy Gregoire and Jocelyn Kuchta** for a fabulous Senior Section and for their support throughout the year.
**Peter LaBreck and Randy Manseau** for a great Underclassmen Section and for helping me keep my head on at deadline time.
**Jenn Pruitte, Laurie Heroux, and Audra Przybyla** for a terrific Faculty Section and for their help all year.
**Jamie Dudek and Rick LeBeau** for putting together a fantastic Sports Section and for bearing with me at the worst times.
**Dave Hebert, Brian Pelletier, and Craig Stefanik** for working down to the wire to produce a super Vocational Section.
**Jenn Farr and Aimee Wood** for their eye-catching Clubs and Activities Section. Great work!
**Laura Osetek and Lynn Rokosz** for doing a wonderful job on the Advertising Section and for their encouraging words.
**Corri Hale and Missy Peloquin** for sacrificing their mornings to Subscriptions and to selling yearbooks.
**All Yearbook Staffs** for their help, whether great or small. I know who you are and extend my thanks to each of you.
**Jamie Dudek and Laura Osetek** for working with me, tolerating me, and keeping me sane all year.

Thank you
Eva
